

Dear Valued Partners and Friends,

Date: 07 April 2025

Fundraising Campaign:

Measurement & Verification (M&V) is conducting a fundraising campaign for the victims of the Myanmar Earthquake. On 28 March 2025, a devastating 7.7-magnitude earthquake struck central Myanmar, causing widespread destruction and significant loss of life. The epicentre was near Mandalay, Myanmar's second-largest city, leading to extensive damage. Reports indicate that over 3,000 lives have been lost, with thousands more injured and many still missing.

Target:

According to a report from *The Straits Times*, the UN aid chief, Mr. Tom Fletcher, has emphasized that more tents are urgently needed for the victims. Therefore, M&V aims to purchase 30 ten-men tents, 300 stretcher beds, and 300 blankets to donate to **Mandalay Hospitals**. We have set a goal of raising SGD 30,000 to buy the tents, beds and blankets and to send them to Mandalay Hospitals by 18 Apr 2025.

1. 30 ten-men tents = 30 x SGD 210 = SGD 6,300
 2. 300 stretcher beds = 300 x SGD 21 = SGD 6,300
 3. 300 blankets = 300 x SGD 7 = SGD 2,100
 4. Transportation = SGD 16,000
- Total Cost = SGD 30,700
